

# The best legacies are planted, not built.

The founding members of NSA planted the seeds to grow an organization that is unique in the nation, supporting native gardens and tree-planting across Nebraska for healthy people, vibrant communities and a resilient environment. For more than 40 years we've reaped the benefits of what they sowed.

Now we're looking for the next generation of planters. Join our founders and become the first class of the Growers Circle in 2021. Tree planters know that hard work and a bit of elbow grease can lead to extraordinary results.

You'll enable NSA to do the hard work, and we can all come together to celebrate the success. Donors of \$1,500 or more annually will be added to the Growers Circle. As a member you'll have the opportunity to meet other like-minded folks and receive invitations to exclusive Growers Circle Events in addition to all other NSA membership benefits.
